

Get the most  
out of summer!

Miramar

# Miramar

What could be better than enjoying sun, fun and family in the comfort and convenience of your own? You can make a big splash this summer and beat the heat at an affordable price with a CORNELIUS above ground pool.

## Quality components and great features

Every CORNELIUS pool is made using the strongest materials available. The strength of our pools is built around an integrated structure that combines a wall, frame and sub-frame into one solid foundation. The 52" MIRAMAR is an excellent example of the quality and craftsmanship found in our entire line of above ground pools.

Beginning with a heavy gauge steel wall featuring a wide mouth skimmer cut out, it is hot-dip galvanized and sealed with a baked enamel "Weatherizer" paint coating. We apply a decorative wall pattern and top it off with our tough "Krystal Kote"™ finish.

The pearl colored pool frame is comprised of a 6-inch extruded resin ledge combined with a sturdy 6-inch steel post. Both components are protected with polyester paint and clear "Krystal Kote"™ finish. A three-piece injection molded resin cap and post collar coupled with an injection molded resin lower post collar complete the structure.

The sub-frame is manufactured of double-rolled steel tracks, which are joined with large, heavy gauge connectors and oversized hardware. All the structural components of the MIRAMAR are designed and built to last for years of carefree enjoyment.

## We've made installation easy

Anyone who can use a screwdriver can install a CORNELIUS above ground pool. With no multi-sized washers or nuts to worry about, we use only one large screw type to assemble the entire pool. In addition, we provide detailed, step-by-step instructions plus a helpful video.

## A shape and size for any yard

The 52" MIRAMAR is available in a wide variety of sizes. From Round configurations to A-Brace Ovals or NBS Ovals, there's a MIRAMAR just right for your home.

Form Fitting Support Cap

A-Brace Option

### SIZES (Feet)

Round	A-Brace Oval	NBS Oval
12'	12' x 18'	10' x 16'
